20/20 Insight 30-Day Trial Version

Thank you for your interest in test-driving 20/20 Insight.

Once you've submitted your request for the 30‑day Trial, Barry McMaster of Matrix Vision will provide you with a link to download the software and a Getting Started Booklet, which contains everything you'll need to use the program during your 30‑day trial.

The full version of 20/20 Insight contains rich proprietary content that's not included in the Trial Version. Reviewing the list of components below will help you appreciate the additional value you'll receive when you purchase the 20/20 Insight system package.

Component	Trial Version	Full Version
Survey Library	**Contains one survey called "Trial-Leader Assessment" with just a few categories and items. You can add your own competencies.**	**Contains more than 1,200 items for Individual, Team and Organisation surveys. You can edit them and add your own competencies.**
Resources for Development for Subjects	**Developmental recommendations only for the items in the trial survey.**	**Every item in the three leadership surveys (Executive, Team and Personal) has an associated document for the leader containing:** • **What a low rating in this item might mean** • **Specific recommendations for improving in this area** • **Recommended resources** **Also, a 31‑page eBook, Self-Development Toolkit: 10 Strategies and 10 tools to Help You Improve Your Performance, for each Subject.**
20/20 PowerUser for facilitators and HR professionals	**Preview of this valuable resource.**	**A CD that includes tools for HR professionals such as case studies, articles, and lesson plans with PowerPoint files for conducting orientation, feedback and development planning sessions.**
Usage Licenses for Subjects	**One free feedback recipient, "Test Subject," can be used in all projects. You cannot assign licenses to real people but can assign as many respondents as you'd like.**	**Ability to purchase economical usage licenses that permit you to set up an individual, a team or the organisation as a Subject.**
Sample Project with collected data	**Use "2008 Leadership Assessment" in Projects folder to print individual- or project‑level reports.**	**Not included.**

Barry McMaster of Matrix Vision will be happy to assist you during this trial period when you have questions or would like to explore additional capabilities of the program. After you've purchased the software, you'll have full access to our training and technical support resources.
